Welcome! Here are news and messages related to your classes.

Notes from the lecture (SWE)???

Katharine Lee

Software Engineering

Hey guys! I was sick last class and was wondering if anyone took notes from the previous lecture? I have the slides on here but I was hoping for the notes particularly relating to the exam material that the professor mentioned she would cover during the class. If anyone can help me out that would be great!!! Thank you!!!

Notes from the lecture (SWE)???

Chris Nobre

Software Engineering

Hey Kat,
I took some notes. I can send them to you via email if that is okay. He didn't go over too much so there isn't too much to worry about. However, there WILL be a quiz next Monday! Apparently it will be on C++.
